V International Masterclass for Organ

Liturgical Improvisation Practice & Art of Registration

With its two instruments and the new echo organ (2015), the Church of St. Leodegar Lucerne is one of the most impressive organ environments of Europe.

The masterclass is designed for advanced organists of all ages who hold a Bachelor's degree or equivalent qualification. In addition to individual and group lessons, participants are given ample time to play independently on the organs of the Church of St. Leodegar. On the last two days of the course, the participants will perform for the liturgical services as well as a public final concert.
